No Sulphurous Acid in This.

From the articles running in some of the daily papers, I understand that the claim is made that refined sugar is bleached by sulphurous acid, part of which remains in the sugar. Will you please advise as to this?—R. B. C.

As you probably know, sugar comes to the northern refineries as raw sugar with all its impurities, mechanical, vegetable and mineral. The method of refining consists in melting this product and subjecting it to various processes of separation, clarification and filtration. It comes out at last as a clear transparent liquid to vacuum pans, where it is recrystallized into the pure, white crystals with which you are familiar. Sugar, as now found, is among the purest of food products. We doubt if the practice of sulphuric acid bleaching obtains to any great extent to-day in sugars upon the American market.

We Certainly Would.

I am as much interested in what impure foods not to buy as in what pure foods to buy. Would you class a food as impure if it contains one-tenth of one per cent. of benzoate of soda? I am heartily in sympathy with your fight for pure foods.—Mrs. A. L. P.

We find to see how a food containing any questionable chemical preservative, the use of which is unnecessary, should be considered a pure food. No drugged or dyed foods can be considered pure according to the Westfield standard.

Some Common Terms Defined.

What is the difference between "evaporated" and "condensed" milk? What do these words mean? What are their common adulterants? What is "sterilized" and "pasteurized" milk?—P. M. R.

The United States standards of purity do not distinguish between condensed and evaporated milk. Section 18, §6: "Condensed milk, evaporated milk, is milk from which a considerable portion of water has been evaporated, and contains not less than twenty-eight (28) per cent. of milk solids, of which not less than twenty-seven and five-tenths (27.5) per cent. is milk fat.

These products are practically free from adulteration. Some tests require the label to indicate the amount of water to be added in order that the product shall equal the standard of whole milk. Sterilized milk is "milk that has been heated to the temperature of boiling water or higher for a length of time sufficient to kill all organisms present."

DRIVES AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from cold or congestion. And it acts at once! MUSTEROLE is a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can affect stomach and heart, as some internal medicines do.

Best for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Migratory Rheumatism, Lumbago, all Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Colds, Croup, Colds of the Chest (it often prevents Pneumonia). At your druggist's, in 25c and 50c jars, and a special large hospital-size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for.—The Musterole Company, Cleveland, Ohio.

BAD COLD? HEADACHE AND NOSE STUFFED

"Pape's Cold Compound" Relieves Worst Cold or the Grippe in Few Hours No Quinine Used

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils; it relieves the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv't.

WEST TOPSHAM

Rev. S. K. Meek, our new clergyman, preached another fine sermon both here and at East Orange last Sunday, with a prayer meeting here in the evening. B. F. Cilley, who has probably one of the finest yokes of oxen in this county, has finished hauling up a large quantity of winter's wood, which will be sawed up into stove wood soon.

NORTHFIELD

Funeral of Mrs. Louise B. Wright Held at Universalist Church. The funeral of Mrs. Louise B. Wright was held Monday morning at 11 o'clock at the Universalist church, the pastor, Rev. Clinton Scott, officiating. The remains were taken to Barre for interment. The deceased is survived by one son, Francis B. Wells, also by a grandson and five step children. Among those in town to attend the funeral were Mrs. E. G. Howland and Miss Lucy Wells of Barre, Mrs. Glenn McAllister of Williamstown, Paul Wells of Roxbury and Mrs. Bancroft of Montpelier.

NORTH MONTPELIER

Mrs. Van Bennett, who has been quite ill, is able to be up part of the time. Messrs. Leon Kelly and Marsh of Windsor were at George L. Pray's Sunday. Mr. and Mrs. Clyde Fitch of Calais visited Mr. and Mrs. Ralph Parker at L. D. Coburn's Sunday.

WATERBURY

W. E. Corliss Struck By Falling Tree and Had Collarbone Broken.

W. E. Corliss while chopping on his farm on Ward hill in South Duxbury felled a tree in such a way that he was struck by the same, breaking his collarbone. Dr. James Haylett of Moretown was called, who fixed him up for the night. Yesterday morning he was brought to the office of Dr. G. S. Bidwell for treatment. It will probably be six weeks before Mr. Corliss is able to work.

M. H. Moody, secretary and treasurer of the Vermont Guernsey Breeders' association, is sending out to each member a notice of the meeting in Burlington on Jan. 12. The program is as follows: 6 p. m., meet at the Van Ness house; 6:30, banquet in main dining room; 7:30, business session; 8, illustrated lecture on Guernsey, by Charles L. Hill of Wisconsin, president of the American Guernsey Cattle club. The wives of all members are especially invited to attend and each member may bring as many guests as he wishes. In fact, all interested in dairying will be welcome at the meeting and banquet. All intending to be present should notify the secretary, Mark H. Moody, as early as possible. This will be held during the meetings of the Vermont Dairymen's association in Burlington. Mr. Moody is an enthusiast about Guernseys, and has some nice registered stock at his Winoosquin farm.

The funeral of Edgar Johnson was held from his late home Tuesday afternoon, Rev. W. E. Douglass officiating. The bearers were Emerson Johnson and Henry Marshall of this town, Fred Jewett of Bolton and Ernest Backus of North Fayston. Others from out of town were Mr. and Mrs. John Mackie of Montpelier, Mr. and Mrs. Robert Faunce of North Fayston, Mr. and Mrs. Newell Deans, Mr. and Mrs. John Backus and Charles Backus of Steeple.

MONTPELIER

Deaths of Mrs. Wesley Holmes and Mrs. Emaline Harvey.

Mrs. Rhoda Blaisdell Holmes, wife of Wesley Holmes, died yesterday of a general breakdown, at the age of 79 years. She is survived by her husband and six children, Mrs. Albert D. Lane of this city, Mrs. Ellis D. Rollins of Barre, Edwin W. Holmes of Holyoke, Mass., Fred G. Holmes, Adin E. Holmes and Miss Lillian Holmes of this city. Mrs. Holmes was a member of the Methodist church. Funeral services will be held from her late home on St. Paul street Saturday afternoon at 2 o'clock.

Mrs. Emaline Harvey died yesterday at the home of her brother, Luther S. Wheeler, on Gallison hill, at the age of 78 years, death being caused by a general breakdown. She is survived by two brothers, Luther Wheeler and George Wheeler of this city. The funeral will be to-morrow afternoon at 2 o'clock.

ANTI-KAMNIA TABLETS FOR ALL PAIN

"The efficiency of any drug" says Dr. C. P. Robbins "is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we certainly are warranted in its use. One of the principal symptoms of all diseases is pain, and the patient who is most often afflicted by it is, of course, the one who is most in need of relief. If we can arrest this promptly, the patient is most likely to trust in us for the other remedies which will effect a permanent cure. One remedy which I have used largely in my practice is Anti-Kamnia Tablets. Many and varied are their uses. I have put them to the test on many occasions and have never been disappointed. I found them especially valuable for headaches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine. Anti-Kamnia Tablets are also excellent for the headaches from rheumatism, and especially for women subject to pains at certain times. Two Anti-Kamnia Tablets give prompt relief, and in a short time the patient is able to go about as usual. These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for headaches, neuralgia and all pains."

YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache, Bad Breath, Sour Stomach, Means Liver and Bowels Clogged—Clean Up To-night

Get a 10-cent box now. Furred tongue, bad colds, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental frets, everything that is horrible and nauseating. A Cascaret to-night will give you constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv't.

LODGE BITTER ON MEXICO.

Our Policy No Policy at All, Massachusetts Senator Declares.

Washington, Jan. 7.—A scathing denunciation of the Mexican policy of the administration was delivered in the Senate yesterday by Senator Henry Cabot Lodge of Massachusetts, who spoke on the item in the urgent deficiency bill appropriating \$500,000 to pay for transports leased to carry troops to Vera Cruz. The Mexican situation was generally regarded as important, he said, although the president did not regard it as important enough to refer to it in his annual message of 1914.

It was a mistake, he said, to subject a president to the pressures put upon him through the authority to embargo arms, and although he had assented to the resolution giving President Wilson power to deal with Mexico, subsequent developments had convinced him that the power of embargo should be retained by Congress. President Taft used this power to help Madero, President Wilson to aid the insurgents.

The senator was not disposed to find fault with the refusal to recognize Huerta, although international grounds existed on which that recognition could be based. The ground on which Huerta was refused was not that usually taken in such cases; the refusal was based on moral grounds. When we put our failure to recognize on personal grounds we intervene in the affairs of that nation. The president now had added to his feelings over Huerta a resentment that he had declined to retire. The policy of this country was to establish peace and security, for our citizens and those of other nations. That was a national policy. The business of driving Huerta from power to put someone else in his place was not a policy at all.

Our government carried the Tampico question from Tampico to Vera Cruz. We came to blows with the Huerta government over the question of returning a salute. The resolution desired by the president, giving him power to act against Huerta as an individual was passed by an amiable House. Some senators tried to place the situation on hard international ground, but were voted down. We took Vera Cruz. The administration was much disturbed. It did not seem to have much stomach for a fight and we took refuge under the Niagara conference, which never could have amounted to anything. The salute to the flag was forgotten. We seized the customhouse to prevent the shipping of arms from landing German arms at Vera Cruz, then gave Per clearance and after a short stay at Mobile landed them at Puerto Mexico.

Then we lifted the embargo on arms. The secretary of war, with a wisdom and judgment that cannot be too highly commended, forbade their transportation across the border. This left Villa and Carranza in a predicament and we had the second Tampico incident when our citizens were taken on board British and German ships, with our own ships lying nine miles out. One admiral was so astounded to receive the order to retire that he refused to act until it had been accomplished. Huerta then was obliged to retire—but the policy of the United States had not been advanced one step.

The trouble with our Mexican policy is that the character of the Mexican people had been ignored—no one apparently ever took the trouble to read the history of Mexico.

APPLY SULPHUR LIKE A COLD CREAM WHEN SKIN BREAKS OUT SAYS SULPHUR WILL END ITCHING ECZEMA

The moment you apply bold-sulphur to an itching or broken-out skin, the itching stops and healing begins, says a renowned dermatologist.

This remarkable sulphur made into a thick cream effects such prompt relief, even in aggravated eczema, that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties and nothing has ever been found to take its place in relieving irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet, in every instance, it immediately subsides the itching irritation and heals the eczema right up, and it is often years later before any eruption again manifests itself.

Any good pharmacist will supply an ounce of bold-sulphur, which should be applied to the affected parts like ordinary cold creams. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the eczema is accompanied with torturous itching.

This is accomplished for Walter Luther Dodge Co., Cincinnati, O.
